

JOHN PETER

Deal Solutioning Lead

Chennai 600076 | +91 9841904073 | johnpeter2987@gmail.com

PROFESSIONAL SUMMARY

Deal Solutioning Lead with 14+ years of experience driving end-to-end solutioning for large, multi-tower IT services deals across applications, cloud, infrastructure, and data. Skilled at designing integrated solution architectures, defining delivery models and onsite/offshore staffing pyramids, and building effort estimates aligned to cost and margin targets. Proven ability to own overall technical and delivery feasibility, shape pursuit strategy and competitive positioning, and present solution architecture to senior client stakeholders. Managed a \$50M pursuit pipeline and secured three large multi-tower commit deals across net-new and existing accounts.

CORE COMPETENCIES

End-to-End Solutioning | Multi-Tower Deal Architecture | Integrated Solution Design (Apps, Cloud, Infrastructure, Data) | Delivery Model Design | Staffing Pyramid & Onsite/Offshore Mix | Effort Estimation | Cost & Margin Optimization | Pursuit Strategy | Competitive Positioning | Solution Feasibility Ownership | RFP / RFI / RFQ Response | Pricing & Commercial modelling | C-Level Stakeholder Presentation

PROFESSIONAL EXPERIENCE

Deal Solutioning Lead (Manager – Projects & Presales) | Cognizant Technology Solutions, Chennai *Sep 2022 – Present*

- Lead end-to-end solutioning for large multi-tower IT services deals.
- Design integrated solution architectures that align with client business drivers and target outcomes across complex, multi-service-line pursuits.
- Define delivery models, staffing pyramids, and optimal onsite/offshore mix for each pursuit to meet cost and margin targets.
- Build effort estimates and resource-load plans, aligning solution scope with commercial constructs and financial targets.
- Own overall technical and delivery solution feasibility, ensuring proposed solutions are executable, compliant, and competitively priced.
- Shape pursuit strategy and competitive positioning for large deals, developing win themes and differentiation narratives.
- Present solution architecture and delivery approach to senior client stakeholders, C-suite executives, and evaluation committees.
- Managed a \$50M pursuit pipeline and won three large commit deals across net-new and existing accounts, collaborating with account management, product, and finance teams. [Add headline deal TCV and towers]
- Lead decomposition of complex RFPs and RFQs into actionable solution deliverables across service lines, delivery, and finance teams.
- Develop pricing strategies and commercial models based on client requirements, market trends, and internal cost structures.

Bid Manager | Transmarine Cargo, Chennai

Jan 2022 – Jul 2022

- Owned solution and proposal development for complex, multi-sector bids, including commercial modelling and client engagement.
- Managed client visits and stakeholder engagement for large and new-logo pursuits; maintained bid databases and templates.

Bid Manager | L&T Construction, Chennai

Nov 2020 – Jan 2022

- Led solutioning and end-to-end bid management, including RFP/RFI response design and hands-on commercial/pricing modelling.
- Defined presales standards, pursuit calendars, and governance across the solution lifecycle to improve team efficiency.
- Coordinated cross-functional stakeholders to secure solution delivery, business approvals, and sign-offs; forecasted and controlled bid costs.

Presales Consultant | L&T Technology Services, Chennai

Aug 2019 – Aug 2020

- Created differentiated solutions in response to RFPs, RFIs, and unsolicited bids, ensuring completeness in content and form.

- Supported Big Deal management and acted as SME for designated problem domains and service offerings; led solution identification workshops.

Executive – Presales | Cognizant Technology Solutions, Chennai

Jul 2012 – Jul 2019

- Drove multi-service-line RFX solutioning across MLEU, Retail, CG, and TH domains, coordinating SMEs across AIA, ADM, AMS, Oracle, Infra, Cloud, SAP, Analytics, Integration, and Digital.
- Delivered commercial modelling for multi-tower deals, including pricing amortization over the deal term.
- Applied AMS cost-optimization levers — asset optimization, productivity improvement, and competitive commercial constructs.

Senior Officer – Deal Management | Atos IT Solutions, Chennai

Jan 2010 – Jul 2012

- Drove solutioning teams to articulate solution constructs and differentiators during DA, MDU, and leadership reviews.
- Supported RFP/RFI responses and customer presentations across assigned accounts.

HR Recruiter | Don Bosco Vazhikatti, Chennai

Aug 2008 – Jan 2010

- Managed full-cycle recruitment across multiple departments, including sourcing, screening, and offer management.

EDUCATION

MBA, Human Resources Management | NIBM, Chennai | 2014

B.Sc, Plant Biology & Biotechnology | Loyola College, Chennai | 2008
